## Complaints Policy

This policy and procedure is to provide clear and practical guidelines to ensure that complaints and appeals lodged with the RTO can be resolved, equitably and efficiently, in accordance with the principles of natural justice. The Complaints Policy is there to manage and respond to allegations involving the conduct of the RTO, its trainers, assessors or other staff, a third party providing services on the RTO's behalf, its trainers, assessors or other staff or student of the RTO.

The RTO acknowledges that a student, who has a complaint or appeal, has the right to raise the complaint or appeal and expect that every effort will be made to resolve it in accordance with this policy, without prejudice or fear of reprisal or victimisation. The student has the right to present the complaint or appeal formally as well as in writing.

The RTO will manage all complaints and appeals fairly, equitably and efficiently as possible.

The RTO will encourage the parties to approach the complaint or appeal with an open mind and to resolve problems through discussion and conciliation. Where a complaint or appeal cannot be resolved through discussion and conciliation, the RTO acknowledges the need for an appropriate external and independent person to mediate between the parties. The parties will be given the opportunity to formally present their case to the independent person.

Confidentiality will be maintained throughout the process of making and resolving complaints. The RTO seeks to protect the rights and privacy of all involved and to facilitate the return to a comfortable and productive learning environment.

A copy of this Policy is available to all students and staff via the RTO and is available in the Student Handbook. The information will also contain details of external authorities that they may approach.

Where complaints or appeals have been received, RTOs must keep evidence of how the matter was dealt with and the outcome (including the timeframes). The RTO will use this information received via any complaint to review the RTO's processes and practices to ensure the issue doesn't happen again.

## Procedure

Should a student have a complaint or appeal, the following steps are to be followed:

1. The Student should discuss the issue / complaint with the person involved to try and resolve it verbally.
2. If no resolution is reached, the student should discuss the issue / complaint with his / her trainer to see if it can be resolved.
3. If still no resolution the student should put the following information relating to the complaint or appeal in writing.
  - A description of the complaint or appeal;
  - State whether they wish to formally present their case;
  - Steps taken thus far to deal with issue / complaint
  - What outcomes they would like to fix the problem & prevent it from happening again.
4. The student should bring the complaint or appeal to the attention of the trainer within seven (7) days of the issue taking place.
5. If the person making the complaint is not a student, but a staff member or a member of the public, or if the complaint or appeal has not dealt with to the student's satisfaction within a seven (7) day period, they may bring it to the attention of the CEO.

The CEO will either deal with the issue personally or arrange for it to be dealt with by a management representative. This process must commence within 48 hours from the time the CEO, or their delegate, receives written notification from the person making the complaint. A response / acknowledgment must be presented within 7 days.

The CEO / or Management Representative, must review the complaint and arrange a time for all parties to formally present their side / version of events. This should be arranged at separate times, ensuring neither party faces prejudice or fear of reprisal or victimisation.

6. Once all parties have had a chance to present their information, the CEO / Management Representative will provide a written response to all parties confirming the outcome of the complaint within the 14 day period
7. Should the issue still not be resolved to the satisfaction of the person making the complaint, the RTO will make arrangements for an independent external person to resolve the issue. All parties will be given the opportunity to formally present their case. The time frame for this process may vary but should take no longer than 14 days
8. If any party is still not happy with external mediation, they may lodge a complaint via the National Training Complaints Hotline on 13 38 73, or they may take their complaint to the Australian Skills Quality Authority (ASQA) or other relevant body such as the relevant state department of Fair Trading

## **Credit for Prior Studies**

Learners must not be required to repeat any unit or module in which they have already been assessed as competent, unless a regulatory requirement or license condition (including industry licensing schemes) requires this. Where a learner provides suitable evidence that they have successfully completed a unit or module at any RTO, the RTO must provide credit for that unit or module. In some cases, licensing or regulatory requirements may prevent a unit or module being awarded through a credit process.  
e.g. CPR and First Aid.

Credit must be granted not only for studies completed at an RTO, but at any authorised issuing organisation, such as a university. In such cases, an analysis as to the equivalence of the study completed with the relevant unit/s or module/s would need to be completed before any credit could be granted.

The RTO is not obliged to issue a qualification or statement of attainment that is achieved wholly through recognition of units and/or modules completed at another RTO or RTOs.

Note that providing credit for previous studies is not a recognition of prior learning (RPL) process. RPL is a form of assessment of the competence of a person, while providing credit is recognising the equivalence of studies previously undertaken and completed successfully.

If an applicant wishes to apply for recognition for the qualification that they have received from another RTO, they must present the original for sighting or provide a certified copy of the certificate with their enrolment.

### **Recognition of Prior Learning**

The RTO provides a user-friendly, supportive, streamlined framework for the assessment and recognition of various types of prior competencies obtained by an individual through previous or current training, work experience and / or life experience.

The underlying principle of Recognition of Prior Learning (RPL) is that no individual / participant should be required to undertake a unit of study in a training session for which they are able to demonstrate satisfactory achievement of the required competency standard or learning outcome for entry into, and/or partial or total completion of a qualification.

This policy therefore aims to maximise the recognition of an individual's prior skills and knowledge whilst at all times maintaining the integrity and standards of the defined learning outcomes of the specific course of study.

Assessment will take place by a qualified assessor who has successfully completed Certificate IV in Training and Assessment (TAE40110) and who has the vocational competencies in the unit they are assessing the participant's competency against.

### **Administrative Contacts**

Occasionally Students may need to consult the Trainers and or the CEO with comments, questions, suggestions or other matters. In order that we may better assist our Students, we suggest, that the student speak with his/her trainer, or the CEO.

The trainer can often assist with any individual subject problems a student may encounter. **The trainer can only** comment on his/her subject not on other subjects. The following suggestions may also be of assistance. Read all the information contained in this book thoroughly. If the required information is not found in the "Policies and Procedures for Students" refer the question to the Trainer or CEO.

### **Change of Name/Address/Telephone Number**

Upon change of name, address or telephone number, you are required to notify the RTO with the relevant information. The change must be advised in writing stating the previous address, the new address.

**No responsibility will be accepted by the RTO for failure to follow the above procedure.**

### **Assessment Results**

Students are notified of assessment results by the Assessor at the end of each unit. Assessment results will not be given to anybody other than, you, the trainer and or CEO with you your prior permission. No assessment results are issued or discussed over the telephone.

### **Academic Misconduct and Plagiarism Policy**

Academic misconduct or plagiarism occurs when a student reproduce someone else's words, ideas, or findings and present them as their own without proper acknowledgment. It includes attempts by students to cheat or act dishonestly in an examination, test, assignment, essay, or any other assessment task.

There are many forms of academic misconduct or plagiarism, including the following:

- Direct copying of sentences, paragraphs or other extracts from someone else's published work (including on the Internet and in software) without acknowledging the source;
- Paraphrasing someone else's words without acknowledging the source;
- Using facts and information derived from a source without acknowledging the source;
- Using ideas directly derived from an identifiable author without acknowledging the source;
- Producing assignments that should be their own independent work in collaboration with and/or using the work of other people (e.g. a student or tutor);
- Using the work of other members of a group project without acknowledging who contributed the work;
- Copying from another student's and / or their work;
- Submitting someone else's work as their own;
- Using a diagram from another text or the Internet as a basis for your diagram without acknowledging the source;
- Taking statistics from another source and using them in a new table or figure without acknowledgement;
- Buying an essay from the Internet or another student and submitting it as their own work;
- Making up fake quotes or sources.

Students who are found cheating or guilty of plagiarism in any form of assessment will be deemed **Not Yet Competent** for the relevant Unit of Competency on confirmation of the breach. All confirmed cases of cheating or plagiarism these are recorded on the student's file. Students will be disciplined as per the Students Disciplinary Policy.

Students found cheating will receive a formal written warning from the CEO advising that a second breach will result in the student being asked to leave to course with no refund.

### **Student Disciplinary Policy**

The student disciplinary policy exists for the proper management of disciplinary issues.

The policy is designed to ensure fairness and objectivity and its primary function is not intended as a form of punishment but as a means of providing students with the opportunity to correct or modify their behavior.

## Procedure

The RTO seeks to promote an environment in which students develop a positive and responsible attitude towards fellow students, staff and the general work / learning environment.

When a student's behavior conflicts with the Student Code of Conduct, disciplinary action will be taken according to the following process:

1. Initially, the trainer will discuss the behavior in question with the student and add a note to the students file.
2. If the behavior continues to be unacceptable the trainer arranges a meeting with the CEO, or their delegate to discuss the issue.
  - a. Details of all disciplinary warnings and/or interviews will be recorded using the communication log of the Student Database System.
  - b. The CEO, or their delegate, counsels the student on possible consequences of breaching the Student Code of Conduct.
3. If necessary, an action plan may be implemented for the student to abide by in cases deemed necessary by the CEO, or their delegate.
4. Further disciplinary problems will be addressed by the CEO, or their delegate, in consultation with the trainer.
5. An official warning letter will be issued by the CEO, or their delegate.

**NOTE:** The RTO reserves the right to expel students immediately depending upon the seriousness of the misconduct.

## Work Health and Safety Procedures

The Organisation realises its responsibilities to Students to ensure a safe and healthy academic and working environment. The Organisation operates according to appropriate Work Health and Safety standards and procedures. First aid kits are located in the offices of the RTO.

## Legislation in relation to your study

As a student at the RTO you are required to know about your rights and responsibility in relation to various Act and Regulations that may impact on your study.

A Legislative Summary document is available from the CEO should you wish to read it. This is called the Legislative Summary QLD V1.0.

There are certain bits of legislation that you need to make yourself aware of during your course. These are (but not limited to):

### Commonwealth Legislation:

- National Vocational Education and Training Regulator Act 2011
- Commonwealth Privacy Act 1988 / Privacy Amendment (Private Sector) Act 2000
- Commonwealth Sex Discrimination Act 1984

## VET Quality Framework

The vocational education and training (VET) Quality Framework is aimed at achieving greater national consistency in the way providers are registered and monitored and in how standards in the vocational education and training (VET) sector are enforced.

The VET Quality Framework comprises:

- the Standards for Registered Training Organisations 2015
- the Fit and Proper Person Requirements
- the Financial Viability Risk Assessment Requirements
- the Data Provision Requirements, and
- the Australian Qualifications Framework.

### Standards for Registered Training Organisations 2015

The Standards for Registered Training Organisations 2015 are the standards ASQA uses to ensure nationally consistent, high-quality training and assessment across Australia's VET system. Compliance with the standards is a requirement for all ASQA registered training organisations.

The objectives of the Standards are to ensure nationally consistent, high-quality training and assessment services for the clients of Australia's vocational education and training (VET) system.

The Standards form part of the VET Quality Framework. As defined in section 3 of the Act, the VET Quality Framework is comprised of the Standards for Registered Training Organisations 2015, the Australian Qualifications Framework, the Fit and Proper Person Requirements, the Financial Viability Risk Assessment Requirements and the Data Provision Requirements.

Paragraph 191A(1)(a) of the Act enables the Standards to incorporate the following documents as they exist from time to time:

- Australian Qualifications Framework, as published on <http://www.aqf.edu.au>
- Training Packages, as published on <http://training.gov.au>
- Nationally Recognised Training (NRT) Logo Specifications, as published on <http://www.asqa.gov.au>

Compliance with the Standards is a condition for all ASQA Registered Training Organisations and for applicants seeking registration under the Act.

In accordance with subsections 15(b) and 15(c) of the Legislative Instruments Act 2003 the repeal of the Standards for NVR Registered Training Organisations 2011 (F2011L01356) does not effect the previous operation of the former instrument or provision or anything duly done or suffered under the former instrument or provision or any right, privilege, obligation or liability acquired, accrued or incurred under the instrument or provision.

### Fit and Proper Person Requirements

The Fit and Proper Person Requirements are designed to ensure that key registered training organisation (RTO) personnel have the characteristics and principles necessary to ensure the delivery of high-quality services and outcomes for VET

These requirements are set to protect and inspire confidence in the VET system, and to safeguard Australia's reputation as a premier provider of VET (both locally and internationally).

The Fit and Proper Person Requirements determine standards of behaviour by individuals who are in a position to influence an RTO's management.

Learn more: [Frequently asked questions—Fit and Proper Person requirements](#)

### **Financial Viability Risk Assessment Requirements**

The Financial Viability Risk Assessment Requirements ensure that organisations can demonstrate their financial viability to deliver high-quality training to VET students.

More on meeting your [financial viability requirements](#)

### **Data Provision Requirements**

The Data Provision Requirements 2012 ensure RTOs provide ASQA with a range of accurate and complete data about their business and operations.

These requirements allow ASQA to identify trends and risks within the industry, and to further monitor and improve Australia's world-class VET system.

The Data Provision Requirements also ensure ASQA has a record of all student records, qualifications and statements of attainment.

### **Australian Qualifications Framework**

The [Australian Qualifications Framework \(AQF\)](#) establishes the quality of Australian qualifications.

The AQF is the national policy for regulated qualifications in the Australian education and training system. It incorporates the quality assured qualifications from each education and training sector into a single comprehensive national qualifications framework.

Understand the requirements of the AQF: the AQF [Second Edition January 2013](#) provides the complete set of AQF policies and objectives and information about the governing and monitoring arrangements for the AQF. Implementation arrangements for the revised AQF are also included.
